DEMOLITION KIT DK4

Demolition Kit for the demolition of mines, IEDs and UXO

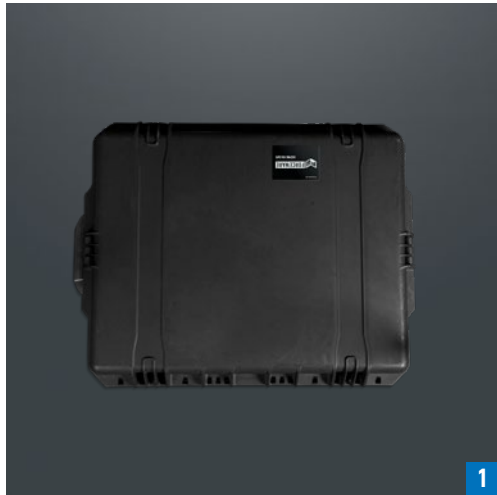

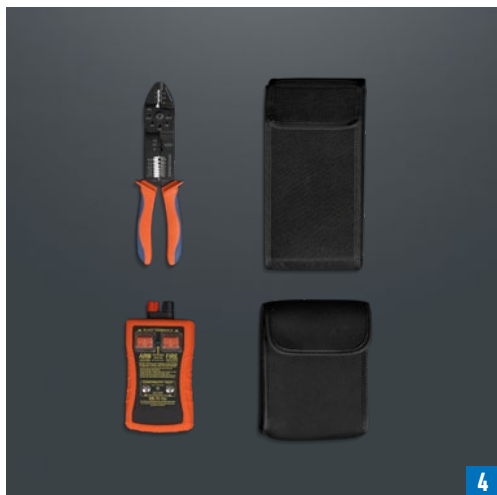

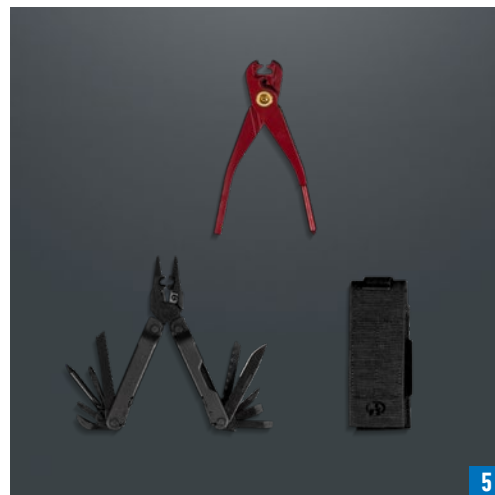

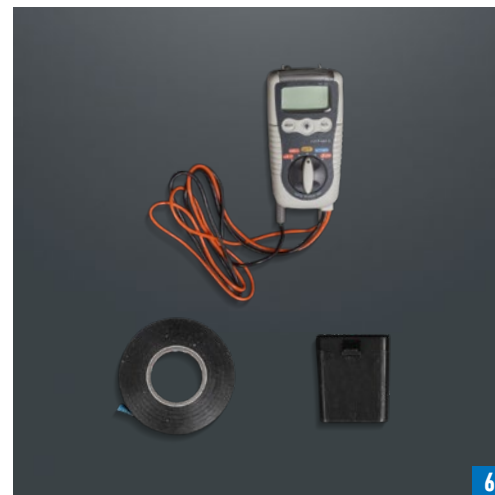

High quality Demolition Kit for the destruction of explosive devices such as UXO, IEDs, mines, etc. It comes in an in a robust PELICAN Storm Case and includes various well selected tools for the EOD expert. The Force Ware Firing Cable 250 m / 2 x 0.75 mm² twisted (820 ft / 2 x ≈AWG 18) on a high-quality cable drum with break and connection terminal is made according to UK DEF STAN 61-12 part 17. The blasting machine BB-75 works with an industry standard 9 V battery. With its built-in bridge wire testing circuit it can be used even without an extra ohmmeter. The well-known superior pocket tool LEATHERMAN Super Tool 300 EOD is specially designed for EOD tasks and offers, among other tools, a cap crimper, a powder punch and a fuse cutter. The Dual Cap Crimper is made from special aluminum alloy. It allows high quality crimps and includes a powder punch and a fuse cutter fuse cutter that makes clean and accurate cuts. Also very helpful are the Knipex Multiwire Tool 97 22 240, the Cap Box, the Digital Multimeter (CAT IV 600V, dust protected and splashproof according to IP54) and a reel of TESA insulation tape. The Demolition Kit comes in a rugged Peli Storm Case, the tool is placed in the durable Force Ware Tool Bag.

- ✓ BlasterOne BB-75 firing machine (works with a standard 9 V battery). Capable of firing a minimum of 75 electric blasting caps (EBCs) connected via 1000 m (3281 ft) of two-conductor 0.75 mm²(≈AWG 18) copper firing line (tested through 340 ohms), built-in bridge wire testing circuit
- ✓ Force Ware Firing Cable 250 m / 2 x 0.75 mm² twisted (820 ft / 2 x ≈AWG 18) twisted on high quality cable drum with break and connection terminal
- ✓ EOD Multitool LEATHERMAN Super Tool 300 EOD - the well-known superior pocket tool specially designed for EOD
- ✓ Multiwire Tool KNIPEX 97 22 240
- ✓ Dual Cap Crimper made from special aluminum alloy, non-sparking and non-magnetic
- ✓ Cap Box for 10 caps
- ✓ Digital multimeter CAT IV 600V, dust protected and splashproof according to IP54
- ✓ Reel insulation tape black 33 m (108 ft)
- ✓ Peli Storm Case and Force Ware Tool Bag

SCOPE OF DELIVERY

Demolition Kit DK4

**1****2****3****4****5****6**

- 1** > Peli Storm Case with inlay
- 2** > Force Ware Tool Case
- 3** > Firing cable on high quality drum
- 4** > Multi wire tool (Knipex 9722240)
 - > Case for multi wire tool
 - > Blasting machine BB-75 (including 9-Volt battery for blasting machine)
 - > Case for blasting machine
- 5** > Dual cap crimper
 - > LEATHERMAN Super Tool 300 EOD
- 6** > Digital Multimeter incl. two AAA batteries
 - > Insulation tape 33 m (108 ft)
 - > Cap Box

DATA SHEET

Demolition Kit DK4
