

Mine Protection Suit MPS

Article No.: 1020007

Features:

- Modular system: usable as complete suit with arms and legs protectors or apron only
- Different colours available
- Very light, comfortable to wear
- Hygienic, washable outer cover
- Suitable for operations in tropical areas
- Two sizes available
- Detachable pouch for tools and accessories
- Customized modifications possible

*Visor, and boots
not included*

PERFORMANCE:

Protection level according to
STANAG 2920 of $v_{50} = 450$ m/s.
Other protection levels on request.

SPECIFICATIONS:

The MPS has been designed considering the requirements of some of the major demining organisations and companies. The inside Aramid[®] layer is especially designed for protection against fragments of exploding mines, bombs and artillery shells.

Feed back after field trails: „*The equipment is easy in use, has no influence on the mobility, and the deminer is not very affected by the temperature.*“
