

Mine Protection Suit MPS2

Article No.: 1020027

The MPS has been designed considering the requirements of some of the major armies and demining organisations. The inside Aramid[®] layer is especially designed for protection against fragments of exploding mines, bombs and artillery shells.

Features:

- Protection level $v_{50} = 450$ m/s according to STANAG 2920
- Standard colours black, olive green, coyote tan, others on request
- Very light, comfortable to wear
- Hygienic, washable outer cover, made of durable Polyester with 3 x inner PU coating and water repellent coating on outside
- Suitable for operations in tropical areas
- Two sizes available
- Detachable pouch for tools and accessories
- Additional protection for arms and hands
- Holders for prodders at legs

Visor, boots and detector not included

Feed back after field trails: „The equipment is easy in use, has no influence on the mobility, and the deminer is not very affected by the temperature.“
