

Mine Warning Sign

Art.-No.: 1060017

Mine warning signs are available at a minimum order of 500 pieces. We recommend a design according to international standards:

- Size 25 x 25 cm (others available on request)
- Lightweight, durable material (reinforced corrugated plastic)
- White symbol and writing on red background, back side white
- The wording „Danger Mines“ should appear in one of the six major recognised UN languages (English, French, Russian, Chinese, Arabic and Spanish) and the local language (if not one of the above mentioned ones)
- Universal symbol for danger to life „skull and crossbones“
(if the symbol „skull and crossbones“ is not appropriate the national mine action authority may specify another symbol)
- Holes in the upper part for easy fixing
