

## Ballistic Briefcase

Article No.: 1100100

The Force Ware ballistic briefcase is a discreet rapid deployment close protection device, with a non threatening appearance, which is ideal for use by VIP close protection officers. It is low profile, lightweight and compact, making it easy to stow in vehicles, and to carry anywhere during escort duties.

The design of the briefcase allows single handed and rapid deployment when required to provide a sizeable first line of effective ballistic and fragmentation defence and protection. The three part briefcase is constructed from heavy duty nylon and unfolds quickly to provide around 100 x 50 cm (40" x 20") of localised protection at a standard level of NIJ IIIA.

### Dimensions and Weight

Standard size folded:	50 x 34 cm
Standard size open:	50 x 100 cm
Weight:	3.8 kg (NIJ Level IIIA)

### Colour

The standard colour is black. Other colours, finishes and materials are available by special order.

### Options

The size of the ballistic briefcase can be tailored to special order to suit customers requirements.
