

Fragmentation Shield

Article No.: 1100300

The Fragmentation Shield has been specifically designed for mine clearance and EOD work. It is made for operatives requiring protection from small anti personnel mines and EOD operatives in support of EOD technicians.

The shield has two telescopic legs that can be placed into the ground to support it in the upright position, and centrally located window. Four soft handles are fitted to the reverse of the shield to assist in carrying it.

Ballistic Performance

Fragmentation resistance v_{50} = 650 m/s (1100300-65) or 750 m/s (1100300-75), in accordance with STANAG 2920. Other protection levels are available to special order

Dimensions and Weight

Shield 130 x 70 cm (app. 4.3 x 2.3 ft)

Window 10 x 25 cm (app. 4" x 10")

The shield weighs 14 kg or 17 kg

Other sizes are available to special order

Colour

Standard colours are NATO olive green, sand, blue and black

Other colours are available to special order

Options

The shield is available with a foot pedal for improved blast anchorage
